

graph the points:

$x=-12$

$x=12$

$y=0$

$y=17$

$y=3/2x+17$

$y=-3/2x+17$

$y=5$

draw these lines without going through the triangle you just drew

$y=5.5$

$y=6$

$y=8$

$y=8.5$

$y=9$

$y=11$

$y=11.5$

$y=12$

$y=14$

$y=14.5$

$y=15$

connect these

(-2,14)	(2,14)	(0,15)	(0,15)	(0,14)	(0,14)
